## Ilion Central School District Foundation

The Ilion Central School District Foundation was established in 1994 to enhance the educational opportunities for all of the students of the Ilion School District. The Foundation is comprised of up to 15 volunteers from the community. The main focus of the Foundation is to raise money for the benefit of the students and teachers in the district. While most money is raised through Foundation sponsored fundraisers and Daily Numbers drawings, donations and bequests in honor of or in memory of individuals are also accepted and greatly appreciated.

## Ilion CSD Foundation Mission Statement

It shall be the primary purpose of the Foundation to enhance the educational program of the Ilion Central School District by providing materials or equipment and by funding programs and capital projects that cannot be readily financed by means of the annual school budget.
